

TCM Forklift Part

TCM Forklift Part - In the global industry of material handling, lift trucks play a major role for transporting industrial goods. Primarily innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity after World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread worldwide.

In nineteen forty nine, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply referred to as TCM Corporation. Throughout the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures various models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
