

Lull Telehandler Parts

Lull Telehandler Part - Telehandlers by Lull have been providing load placement accuracy since 1959. The Lull telehandler could help make the job easier and faster, whether the task requires transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available along with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull is able to provide 80 inches of boom travel for precision placement functionality. There are likewise lots of optional Lull accessories for their telehandlers to help finish any work.
