Advance-Nilfisk Part - Imagine how tedious it will actually be to clean up your own home after having a large party, with no aid from cleaning equipment. Back in the day, when upholstery and carpets had the dirt beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning supplies during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in 1906, he started to make motors to be able to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's vision from the start was to have an international company advertising merchandise worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented an amazing, ground breaking vacuum cleaner which could be operated by one person as it only weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were huge and required at least 4 operators, hence, the Nilfisk C1 changed everything and evolved the method we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an existing crisis; things get dirty and should be cleaned frequently, without too much effort.

Gradually, the company Nilfisk-Advance expanded through the years. In the the early part of the nineteen eighties the company developed fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the trade, aiming to be an active worldwide player in manufacturing professional cleaning equipment. Nilfisk-Advance is now located in all parts of the world due to steadily acquiring lots of smaller companies in order to develop their product range and presence in new markets. They are proud to present various cleaning solutions to meet each need.
